

COMPANY PROFILE

Industrial Needs ... Creative Answers

Hotmelt Application
Laser and Inkjet Marking & Coding
Inline Strapping
Checkweighing & Quality Inspection

Industrial Applications in:

Automotive
Pharmaceuticals
Food
Beverages
Sports
Corrugation
and more...

Core Competencies

Our Team

- ▶ Consists of highly skilled workforce which
 - ▶ Includes engineers from electrical and mechanical disciplines from Reputed Institutions
 - ▶ is skilled in installing and commissioning systems presented in our product portfolio

Company Belief

- ▶ To be recognized

As the most innovative, customer-driven company for

“End of Line Complete System”

- ▶ **Hotmelt Gluing Solution** (Robatech - Switzerland)
- ▶ **Metal detectors, X-Rays, checkweighers** (Minebea Intec – Germany)
- ▶ **Robotic Systems for carton Filling, pelletizing and depalletizing** (Optimak-Turkey)
- ▶ **Pallet Magazine** (Optimak-Turkey)
- ▶ **Stretch wrapping** (Optimak - Turkey / Comarme – Italy)
- ▶ **Strapping System** (Mosca – Germany)
- ▶ **Conveying system** (Optimak – Turkey)
- ▶ **Secondary Packaging** (pack small product's boxes in cartons) (Optimak – Turkey)
- ▶ **Case sealing/Taping machines** (Comarme – Italy)
- ▶ **Loading & Unloading** (Innova – Turkey)
 - ▶ for being a reliable, long-term partner to our CUSTOMERS
 - ▶ for the quality and value of our products and the reliability of our commitments.

UltraTec International

ISO Certified Company

Official Dealerships of:

Adhesive
application
systems

Robatech Gluing Technology

leading manufacturer of high-quality application systems for industrial glue application (Switzerland)

Detection,
inspection
and
Weighing

Minebea intec The true measure

Inline Metal Detectors,
X-Rays, Checkweighers.
(Germany)

Adhesives,
Detergents
and
Cleaners

KIC KRONES

a broad portfolio of adhesives, cleaning agents, disinfectants & lubricants - Germany

End of Line
Complete
System

Optimak has complete solutions for End of Line Systems such as:
Case Erectors, Robotic Systems
Secondary Packaging
Case Sealer
Palletizing
Stretch Wrapping
Conveying system
(Turkey)

End of line
packaging

Strapping, securing and handling technology from Germany, Switzerland and Denmark respectively.

UltraTec International

ISO Certified Company

Official Dealerships of:

Case
Sealer,
Erector
Wrapping
Machines

State of the Art in Packaging Machinery

leading manufacturer of Case Sealers, Case Erectors, Wrapping Systems for industrial applications (Italy)

Telescopic
Conveyors

iNNOVA

Endüstriyel Otomasyon ve Makina San. Tic. Ltd. Şti.

Telescopic Conveyor for Loading and Unloading Systems. (Turkey)

Industrial
Coding
and
marking

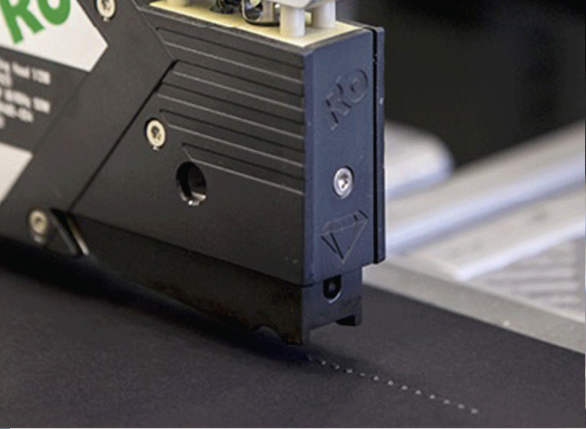

REA JET

Versatile, Service free coding & Marking with HP Thermal Inkjet Technology - Germany

Quality
Inspection

Leary
W. H. LEARY CO., INC. SINCE 1928

Quality inspection and noncompliant product rejection systems - America

SpeedStar Diamond hotmelt adhesive application heads

Speed and precision for an efficient gluing process.

Robatech Gluing Technology

Robatech

Starch based adhesives

synthetic adhesives

Reel-fed labelling

Precut labelling

Packaging adhesives

We are an expert company in *End-Of-Line Solutions* such as

Case Erectors

Robotic Systems

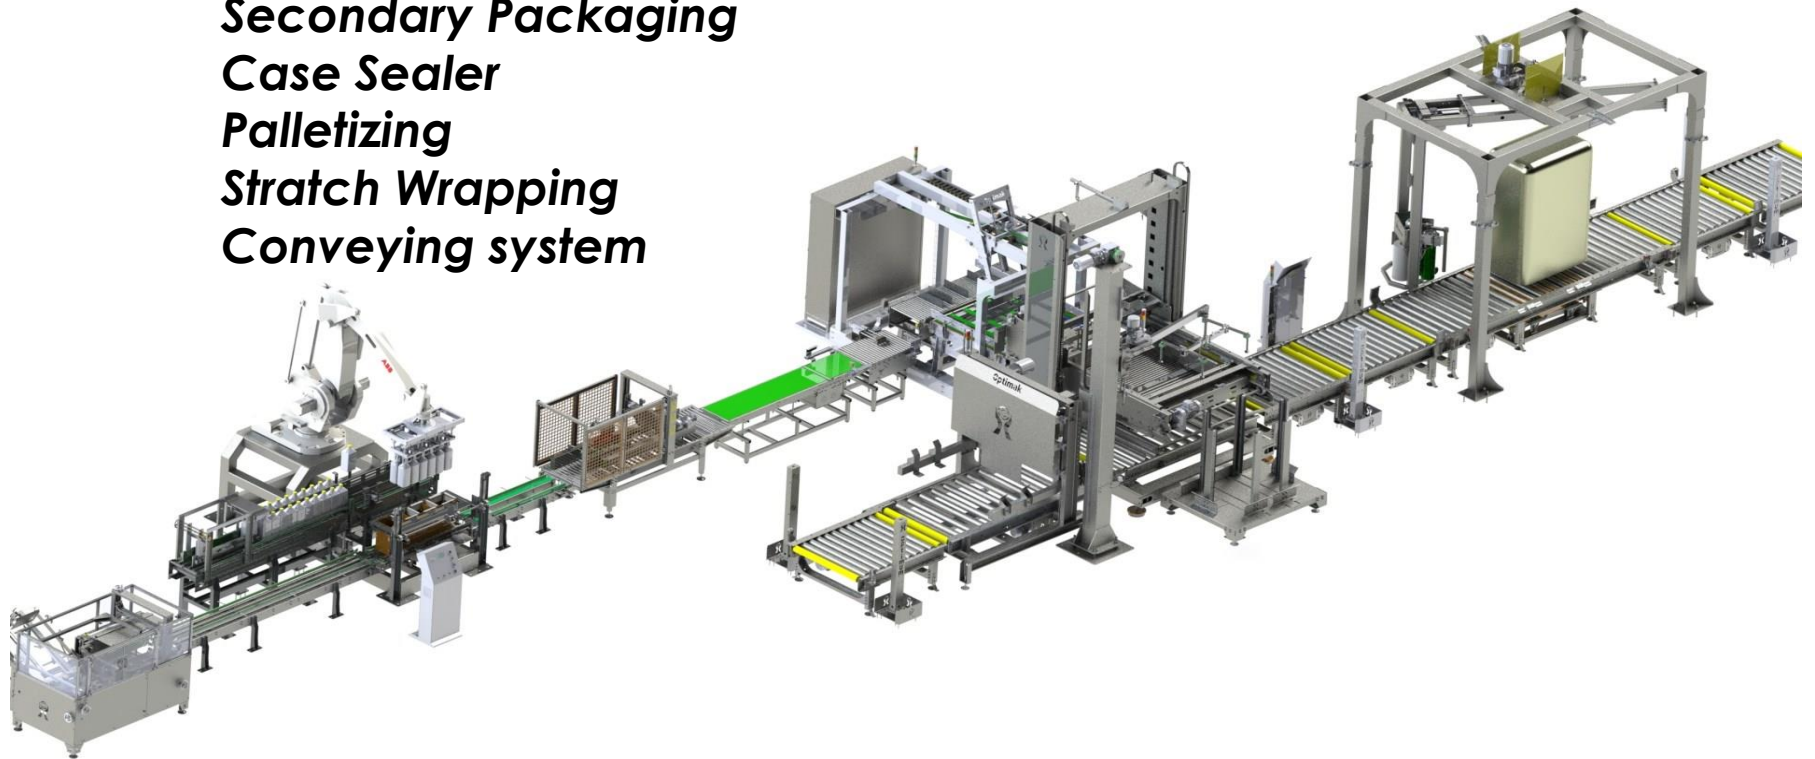

Secondary Packaging

Case Sealer

Palletizing

Stretch Wrapping

Conveying system

Carton Erector - Closer - Sealer Systems

Layer Depalletizer

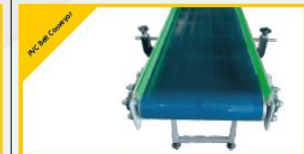

DEPALLETIZER's Advantages & Specs

- Standardized product feeding rate to your filling machinery
- High efficiency
- Easy integration with your current production line.
- Highly adaptable for changing products
- Automatic pallet height perception with sensors
- Automatic layer separator removal robot
- Reliable, full-automatic de-palletizing system
