Dated: May 22, 2024

**To:** The Vice Chancellor,  
University of Engineering & Technology,  
Lahore.

**Subject: Internship Opportunities at Punjab Safe Cities Authority's Al-Biruni Institute of Research and Innovation**

Dear Sir

We are pleased to announce that the Punjab Safe Cities Authority (PSCA) is now offering an enriching internship program under the "Al-Biruni Institute of Research and Innovation." This program is designed to provide university students with hands-on experience in cutting-edge technologies, contributing to real-world projects that enhance public safety.

The Punjab Safe Cities Authority was established to create a secure living environment for the public through the advancement of Information and Communication Technology. By leveraging smart technologies and data analytics, PSCA optimizes government functions, conducts real-time surveillance, and promotes a secure environment for citizens. As PSCA expands its Safe Cities/smart cities initiative across major cities and districts in Punjab, the need for a dedicated research centre has become evident, leading to the establishment of the Al-Biruni Institute of Research and Innovation.

**Internship Program Overview:**

The PSCA Internship Program offers university students the opportunity to engage with state-of-the-art technology and professional learning. This program aims to bridge the gap between academia and industry, empowering students to excel in their fields of study.

**Duration:** 2 Months

**Fields Available:**

- Artificial Intelligence (AI)
- Mobile Development
- Web Development
- Database
- UI/UX Design
